

A decentralized platform revolutionizing
creation, distribution and consumption of music

White Paper
November 2019

About us:

New music, podcasts, playlists, and custom recommendations: Beats brings together everything you need, in one place and one stream. Discover music before everyone else, musical or informative podcasts, create a playlist for every moment of your life... everything is within reach... And even without advertising, Listen to the music you need in all circumstances: to sleep, run, concentrate or spend a Zen evening.

Discover the latest releases in rap, rock or new French scene, and find your podcasts in-stream wherever you are. Take a look at our personalized recommendations, press play... and let the music transport you.

How it works:

The beats project combines music with the cryptocurrency world it lets you pay for your music anywhere anytime with low fees just create an account on beats website and join the new world technology.

beats offers free and personalized music as well as thousands of free music and information podcasts in free streaming, including original and unpublished episodes. Do not hesitate any longer, discover all the features that follow...

Free version

- Listen to podcasts and free music
- Launch the song, music album or playlist of your choice in random mode
- Discover songs through beats playlists or custom recommendations, to suit every moment.
- Create and share a playlist, to gather all your current songs
- Rap, rock, new French scene... All musical styles are there, to create the atmosphere (free!) of your choice. To sleep, run or be zen.

Beats Features

- Listen to the songs of your choice, at any time: you can download songs or podcasts to listen to them offline (and without commercials!)
- Enjoy incredible audio quality. Rap, as well as rock, are back in the spotlight with a good bass: rediscover your favorite song!
- Without advertising. Listen to music without interruption, for an ultimate musical and zen experience

- Possibility to cancel the subscription at any time: the offer is without obligation
- Low fees when you pay with the Beats Token.
